System Requirements For MiniTool Photo Recovery:

This version of the game has been successfully tested on all three major operating systems on which GTA IV and Vice City ran on: Windows (XP, Vista, 7) Mac OSX (10.4+) Linux (Ubuntu 11.04+) Currently, there is no official word from Rockstar on Linux support, but we have had good results with running the game on Wine and with Steam. The recommended system requirements are: i5-750 or equivalent (4.0GHz or better) 4
