Most of the design and editorial work I did on "Infinite Knots" was done in Photoshop using the "Fog" adjustment layer. The "Hue/Saturation" adjustment layer was used to add or remove color from the woollen yarn pieces. A number of the pebbles were added through the "ChromA" adjustment layer. The varying intensities of grey were created using the "Curves" adjustment layer. The uneven yarn was created through a "Lighten" adjustment layer. 933d7f57e6
